## GENERAL SHOW RULES

1. All participants shall abide by the following show rules. In particular:
  - a. Participants shall not knowingly misrepresent the condition, rarity, or value of insulators or related items they offer for sale or trade.
  - b. All restored and/or repaired items on sales tables must be clearly labeled as such.
2. All show participants and the attending public shall abide by any site specific show rules set by the show host (local ordinances, restrictions imposed by the owner of the facility, etc.).
3. Positively no public attendance during show setup hours.
4. It will not be permissible for dealer(s) to “work the aisles” in any fashion which preempts the opportunities of fellow dealers.
5. Dealer side shows (spotlights, excessive “cow bell ringing,” etc.) shall not be carried to the point of being abusive to fellow dealers and the general public.
6. Dealers will not sublet portions of their reserved tables without first consulting with the show host and obtaining permission.
7. Participants shall keep aisles in front of tables free of boxes and clutter.
8. Participants are encouraged to cover their unattended tables.
9. Dealer(s) should keep their sales tables intact until the end of the published show hours. The show host may announce blanket authority for early takedown at such time as public attendance appears to have essentially ceased.
10. Participants will be responsible for any damage they do to the facilities with their setup practices (i.e. no signs or other items taped or tacked to walls or furnishings).
11. The host will make every effort to provide good security, but will not be responsible for any loss of participant’s property due to theft or breakage. Each dealer and/or exhibitor is asked to help in security by watching after his own items and keeping an eye on adjacent tables in situations of obvious risk.

Thank you in advance for your cooperation.
